Style has nothing to hide
The clear classic goes LED
The clear classic goes LED

The incandescent bulb may be a thing of the past, but its sparkling warmth and beautiful shape has never gone out of style. Now you can recreate that look and feel with Philips MASTER LEDbulbs Clear 6-40W and 9-60W, the first LED bulbs to recreate the look and feel of incandescent.

Modern classic design
MASTER LEDbulbs Clear 6-40W and 9-60W have been designed to mimic the classic shape of the incandescent bulb. A stylish and decorative lamp that looks too good to hide. But the real beauty is in the magical, nostalgic ambience that it creates.

Clear, sparkling light
The unique lens design produces a clear, sparkling light that evokes the shimmering effect of filament bulbs. Warm white tones of 2700K enhance the lighting experience even further, producing a cosy atmosphere that is both intimate and elegant. What’s more, with smooth dimming you can dial the light levels up or down to perfect the ambience for incredible scene setting.

A true replacement
MASTER LEDbulbs Clear 6-40W and 9-60W are a true replacement for the much-loved incandescent with 470lm and 806lm brightness. With a long and reliable lifetime of 25,000 hours, and energy efficiency of up to 85%, you’ll save on energy and replacement costs without compromising whatsoever on ambience. So you can look forward to hours of sparkling atmosphere that looks like incandescent, but lasts like LED.

The classic appeal of MASTER LEDbulbs Clear 6-40W and 9-60W make them the stylish choice for a wide range of applications.

- Create intimate atmospheres in bars and restaurants
- Add warmth and nostalgia to hotel receptions and guest rooms
- Illuminate boutiques and retail stores with sparkling clear light
- Transform living areas with a magical, cosy ambience
